PREFATORY NOTE.

This catalogue contains titles of American and English genealogies received prior to May 1, 1910, and a few later accessions incorporated while the work was in press.

As the list is based on the shelf catalogue in card form being developed in connection with the recataloguing of the library, only genealogies published in separate form have, as a rule, been included. Articles or notices on families which have appeared in periodicals or collective works, and works of a genealogical nature classed with local history or biography have, with a few exceptions, been omitted.

The works are arranged alphabetically by names of families, and under each family chronologically. The Index to the New England historical and genealogical register has been followed quite closely in the spelling of the family names. In the analytical work it has been the aim to give references from the allied families to the main family, where several generations are fully given.

The original entries have been prepared by various assistants in the Catalogue Division, chiefly under the supervision of Miss M. A. Gilkey, to whom also has been intrusted the compilation and editing of the work in its present form. She has been assisted in the proof-reading by Miss Grey Patterson.
